VIRGINIA SPACE COAST SCHOLARS

Virginia Space Coast Scholars is a **FREE** program for high school sophomores that focuses on STEM concepts central to NASA's Wallops Flight Facility and the Mid-Atlantic Regional Spaceport. The program includes an online course with five modules running from November to March. Top students may be invited to a seven-day residential academy at NASA Wallops on Virginia's Eastern Shore, where they engage with NASA professionals and explore current missions.

Eligibility:

10th Grade Student ✓

Virginia Resident ✓

Minimum GPA 2.7 ✓

U.S. citizenship required for Summer Academy (open to all for the online course) ✓

Application Details:

Applications Open **Aug 15** and Close **Oct 26**
