Create your own personalized Flickr URL

LAST UPDATE: JUN 4 2018 5:22PM

Create your own personalized Flickr URL

Set your Flickr account apart from everyone else with a personalized URL! Here's how.

1. Click your **Buddy icon**.
2. Click **Settings**.
3. Locate the "Your Flickr web addresses" section.
4. Click **Create your own memorable Flickr web address**.
5. - If you've already picked a web address, it will be shown here instead.
6. Enter your desired web address name.
7. Click **Preview**.
8. Click **OK, LOCK IT IN**.

Once you pick an address, it can't be changed - Make sure you pick a web address you'll be happy with because you only get one shot at this! If you're determined to have a specific URL, you could always [create a new account](#) and assign the URL to it if it's available.
